## What NDIS Can Offer

Kurbingui provides National Disability Insurance Scheme (NDIS) services that are governed by the National Disability Insurance Agency (NDIA) and our aim is to improve the lives of people who have developmental delays and/or a disability.

Kurbingui supports the participant's independence by acknowledging and promoting the individual's right to have choice and control over how the plan funding can be used and also the supports they think will work best for them.

This includes promoting and supporting social inclusion and community participation by attending individual and group support programs.
